Dimensions	27.4 x 27.4 x 56 cm

*Smart capabilities & real-time air
quality updates*

Product Features

Smart Controls

Control your air purifier and access smart features from anywhere with the free VeSync app.

High Performance

With a CADR of 250 CFM, the air purifier refreshes your air up to 5 times every hour in rooms as large as 387 ft².

Specialized Filters

Choose from the Original Filter, Pet Allergy Filter, Toxin Absorber Filter, or the Mold and Bacteria Filter.

Auto Mode

Auto Mode uses a smart sensor to automatically adjust fan speeds based on surrounding air quality.
